FEEDING GUIDE

- Horse Cubes for Seniors are a concentrated pellet that provides complete, balanced nutrition when fed at the recommended rate.
- To feed as a mash:** Add cold or warm water to your dry Horse Cubes and allow to soak to your desired softness.
- Ensure clean, fresh water is available at all times.
- Please introduce over 14-21 days to allow the horse's hindgut to adjust to the new feed.

Category	Recommended Rate
Senior Horse at Rest	2kg per day
