

CATTLE FINISHER PELLETS

A high protein, high energy pellet formulated to encourage optimum growth and weight gain in finisher cattle

Sizes: **BULKA BAGS, BULK ORDERS ONLY**

ABOUT CATTLE FINISHER PELLETS

Cattle Finisher Pellets are our high protein, high energy feed formulated to encourage optimum growth and weight gain in finisher cattle. Made using only premium ingredients to maximise feed conversion efficiency for cost-effective feeding. Cattle Finisher Pellets include Agolin Ruminant to help buffer the gut, enhance rumen function and efficiency while reducing methane emissions.

PRODUCT FEATURES

6mm pellet is highly palatable and designed for easy feeding in tubs, bunks or bins. Minimises wastage and improves nutrient uniformity.

Made using quality grain ingredients with no nutritionally poor fillers for improved feed conversion efficiency

Contains Agolin Ruminant, an oil-based feed additive for improved rumen function, performance and methane reduction

High protein, high energy formula to supports maximum weight gain and conditioning in cattle

Fortified with our ruminant vitamin and mineral premix for optimum growth

All natural ingredients, GMO & antibiotic free with minimal processing

Made using fresh, premium produce from local WA farmers

Manufacturers of quality stockfeeds since 1985

CATTLE FINISHER PELLETS

TYPICAL INGREDIENTS

May contain one or more of the following due to seasonal variations:
Barley, Lupins, Oats, Cereal By-Products, Lime, Salt, Sodium Bicarbonate, Vitamin & Mineral Premix, Agolin Ruminant*.

*Agolin Ruminant is a carefully balanced combination of microencapsulated essential oil compounds that optimise feed intake and reduce methane emissions. It is certified by the EU Carbon Trust for methane abatement.

INCLUSIONS

- This feed includes Agolin Ruminant, an oil based feed additive to buffer the rumen and improve feed conversion efficiency.
- In case of feeding to non-target animals, Agolin Ruminant presents no particular risks.
- **This product does not contain Urea**
- **This product does not contain Restricted Animal Material**

FEEDING GUIDE

- Feed as part of a balanced diet
- These pellets have a very high grain content so must not be fed to hungry stock
- Cattle Finisher Pellets should be introduced over a two (2) to three (3) day period using hay or another form of fibre as a supplement
- Ensure fresh, clean water is always available

RECOMMENDED INTAKE

The recommended intake of this product should be **2% to 2.5% of live weight.**

STORAGE INSTRUCTIONS

Store in dry cool and clean place. When stored under correct conditions best before 12 months from packing date.

Manufactured and supplied to order in our Western Australian Plant to ensure maximum product freshness

NUTRITIONAL ANALYSIS: GUARANTEED MINIMUMS (AS FED)

Crude Protein (%)	15.0	Copper (mg/kg)	8.0
Metabolisable Energy (MJ/kg)	11.8	Iodine (mg/kg)	0.5
Fibre (%)	18.0	Iron (mg/kg)	40.0
Vitamin A (IU/kg)	5000.0	Manganese (mg/kg)	20.0
Vitamin D3 (IU/kg)	500.0	Molybdenum (mg/kg)	0.20
Vitamin E (mg/kg)	50.0	Selenium (mg/kg)	0.20
Thiamine/B1 (mg/kg)	3.0	Zinc (mg/kg)	40.0
Cobalt (mg/kg)	0.40	Antioxidant (mg/kg)	5.0
Digestibility (%)	81.0	Agolin Ruminant (mg/kg)	50.0

CAUTION

The introduction of high grain pellets to livestock requires a well managed induction phase to minimise the risk of gastrointestinal upsets. Please speak to your animal nutritionist or contact us for more information. **The information in this document is a guide intended for our customers and advice may vary depending on individual circumstances.**
