

ABOUT LAMB FINISHER PELLETS

A high energy, high protein feed that promotes optimum growth rates, weight gain and feed conversion efficiency making it ideal for finishing lambs and sheep. Our concentrated formula uses only quality ingredients to ensure cost-effective feeding and help your stock to reach their genetic potential. Lamb Finisher Pellets include Agolin Ruminant to enhance rumen function and reduce methane emissions.

PRODUCT FEATURES

High energy and protein from quality ingredients with no nutritionally poor fillers to maximise feed conversion efficiency

Pelletised form for improved digestibility, nutrient uniformity and reduced wastage. Easy to feed in a variety of production systems

Contains Agolin Ruminant, an oil-based feed additive for improved rumen function, performance and methane reduction

Supports all nutritional requirements for optimum growth and feed conversion efficiency

Fortified with our specially formulated ruminant vitamin and mineral premix

All natural ingredients, GMO & antibiotic free with minimal processing

Made using fresh, premium produce from local WA farmers

LAMB FINISHER PELLETS

TYPICAL INGREDIENTS

May contain one or more of the following due to seasonal variations:

Barley, Lupins, Oats, Cereal By-Products, Lime, Salt, Sodium Bicarbonate, Vitamin & Mineral Premix, Agolin Ruminant*.

*Agolin Ruminant is a carefully balanced combination of microencapsulated essential oil compounds that optimise feed intake and reduce methane emissions. It is certified by the EU Carbon Trust for methane abatement.

INCLUSIONS

- This feed includes Agolin Ruminant, an oil based feed additive to buffer the rumen and improve feed conversion efficiency.
- In case of feeding to non-target animals, Agolin Ruminant presents no particular risks.
- This product does not contain Urea
- This product does not contain Restricted Animal Material

FEEDING GUIDE

- These pellets have a very high grain content so must not be fed to hungry stock
- They should be introduced over a three (3) to five
 (5) day period using hay or another form of fibre as a supplement
- Ensure stock have access to good quality water at all times

RECOMMENDED INTAKE

The recommended intake of this product should be **2% to 2.5% of live weight.**

STORAGE INSTRUCTIONS

Store in dry cool and clean place. When stored under correct conditions best before 12 months from packing date.

Manufactured and supplied to order in our Western Australian Plant to ensure maximum product freshness

NUTRITIONAL ANALYSIS: GUARANTEED MINIMUMS (AS FED)			
Crude Protein (%)	15.0	Copper (mg/kg)	8.0
Metabolisable Energy (MJ/kg)	11.8	lodine (mg/kg)	0.5
Fibre (%)	18.0	Iron (mg/kg)	40.0
Vitamin A (IU/kg)	5000.0	Manganese (mg/kg)	20.0
Vitamin D3 (IU/kg)	500.0	Molybdenum (mg/kg)	0.20
Vitamin E (mg/kg)	50.0	Selenium (mg/kg)	0.20
Thiamine/B1 (mg/kg)	3.0	Zinc (mg/kg)	40.0
Cobalt (mg/kg)	0.40	Antioxidant (mg/kg)	5.0
Digestibility (%)	81.0	Agolin Ruminant (mg/kg)	50.0

CAUTION

The introduction of high grain pellets to livestock requires a well managed induction phase to minimise the risk of gastrointestinal upsets. Please speak to your animal nutritionist or contact us for more information. The information in this document is a guide intended for our customers and advice may vary depending on individual circumstances.
