

PIG FINISHER PELLETS

High quality, concentrated pellet formulated for breeders, finishers and lactating sows

Sizes: 30KG BAGS, BULKA BAGS, BULK

ABOUT PIG FINISHER PELLETS

Pig Finisher Pellets are a highly nutritious, concentrated pellet that provides the protein and energy needed by finisher pigs, breeders and lactating sows. Made from quality grain and protein sources with balanced vitamins and minerals to optimise growth and development. They are highly palatable and digestible to ensure maximum feed conversion efficiency.

PRODUCT FEATURES

Pelletised forms for easy feeding in tubs, bunks or bins, minimising wastage and ensuring nutrient uniformity

High protein (min 16,86%) from quality grain and protein sources with no nutritionally poor fillers

Quality grain ingredients with the amino acids needed for maximum growth and lactation support

Fortified with our specially formulated vitamin and mineral premix for pigs

Manufactured to order to ensure maximum product freshness

Made using fresh, premium produce from local WA farmers

Manufacturers of quality stockfeeds since 1985

Sodium (%)	0.15	Pantothenic Acid B5 (mg/kg)	25.0
Cobalt (mg/kg)	50.0	Pyridoxine B6 (mg/kg)	3.0
Copper (mg/kg)	40.0	Biotin B7 (mg/kg)	2.0
Iodine (mg/kg)	1.0	Folic Acid B8 (mg/kg)	0.7
Iron (mg/kg)	100.0	Vitamin B12 (µg/kg)	20.0
Manganese (mg/kg)	40.0		
Selenium (mg/kg)	0.25		
Zinc (mg/kg)	100		

CAUTION

The introduction of high grain pellets to livestock requires a well managed induction phase to minimise the risk of gastrointestinal upsets. Please speak to your animal nutritionist or contact us for more information. **The information in this document is a guide intended for our customers and advice may vary depending on individual circumstances.**
