

NEW

CALM CARE PLUS

Complete, grain-free concentrated pellet that is low in sugar and starch and suitable for horses and ponies across a range of workloads

Ideal for horses, ponies and broodmares that are prone to laminitis, ulcers, EMS, PPID, metabolic conditions, tying-up, grain sensitivity, weight gain or would benefit from a low GI diet.

COOL ENERGY

PRODUCT FEATURES

Grain-free, low sugar and starch (NSC 5.3%) low fizz feed that provides cool, slow-release energy

A complete feed fortified with a premium vitamin & mineral mix to meet or exceed daily requirements when fed at the recommended rate

High quality proteins and essential amino acids to support health and function, including lysine, methionine and threonine for topline building, recovery and breeding

Added minerals to supplement poor pastures and hay, including biotin and phosphorous for hoof and bone structure, and magnesium for nerve and muscle function

Includes antioxidants - Vitamin E to help mop the free radicals and Vitamin C to support immune function

Added pre & probiotics with a super-fibre rich formula to boost the microbiome and promote gut and immune health and function

CALM CARE PLUS

FEEDING GUIDE

- Kilograms per day for horses. Rates are a GUIDE ONLY.
- Adjust according to horse's size, condition, workload, quality of available hay/pasture. Feed in conjunction with quality roughage/other feedstuffs.
- Ensure clean, fresh water is available at all times.
- Always introduce a new feed to your horse's diet slowly over a period of 14-21 days to avoid digestive upsets.

Body Weight (kg)	SPELLING & PERFORMANCE				BREEDING		
	Rest	Light Work	Moderate Work	Heavy Work	Early Gestation	Late Gestation	Lactation
