RACING

Quality horse feeds to fuel your team from the
stud to the track and beyond

WHO WE ARE

Thompson & Redwood is a family owned and run stockfeed manufacturer. We use only the highest quality, fresh ingredients sourced from local producers. All of our raw materials are grown to contract and tested prior to manufacturing to meet our strict standards.

Our feeds are completely made to order, with nothing stockpiled on site to ensure freshness. The strong relationships we have with local farmers and producers means that our recipes stay constant. Whilst other brands may change their mixes depending on grain prices and availability, ours don't change.

All T&R products are developed by qualified nutritionists and vets to meet the dietary requirements of the equine industry. Over the years, we've worked hand-in-hand with both commercial and domestic customers and our veterinary team to develop recipes formulated to industry specifications.

THE T&R DIFFERENCE

Formulated for superior palatability and digestibility

No nutritionally poor fillers or protein sources

Concentrated formulas for cost-effective feeding

Quality, fresh ingredients sourced from local producers

TRAINING & RACING

HORSE PELLETS

Complete and balanced high energy feed for high workloads and young growing horses

Details: Highly digestible and palatable feed with superior calcium and phosphorus levels, and high vitamin A, D and E.

Ingredients: Barley, Lupins, Oats, Calcium, Cereal By-products, Di-cal, Lucerne, Lysine, Methionine, Salt, Vitamin & Mineral Premix

Sizes: 20kg bags, Bulka Bags

Analysis (AS FED):	
Crude protein (%)	16.9
Digestible Energy (MJ/kg)	13.9

HI-PERFORMANCE MUESLI

A sweet mix of steam rolled grains fortified with vitamins and minerals to maximise performance at elite levels

Details: Complete feed. High quality source of protein, with essential amino acids and biotin for improved bone and hoof strength.

Ingredients: Flaked Barley, Flaked Lupins, Flaked Faba Beans, Black Sunflower Seeds, Calcium, Di-cal, Flaked Maize, Steam Rolled Oats, Lysine, Canola Oil, Methionine, Molasses, Salt, Vitamin & Mineral Pellet.

Sizes: 20kg bags

Analysis (AS FED):	
Crude protein (%)	16.1
Digestible Energy (MJ/kg)	15.0

MIGHT & POWER OAT FREE MUESLI

Highly digestible mix of slow cooked and steam rolled grains with added vitamin & mineral pellet

Details: Complete feed. High quality source of protein, with essential amino acids for muscle building and recovery. Added biotin.

Ingredients: Flaked Barley, Flaked Lupins, Flaked Maize, Black Sunflower Seeds, Canola Oil, Molasses, Vitamin & Mineral Pellet.

Workloads:

SPELLING	LOW	MODERATE	HEAVY	INTENSE

Sizes: 20kg bags

Analysis (AS FED):

Crude protein (%)	18.2
Digestible Energy (MJ/kg)	15.7

LUPIN FIBRE CUBES - MASH

High fibre supplement made from Lupin Hulls with no additives to provide additional fibre

Details: Fibre supplement. Ideal for use as a base to add concentrates or grains to that supports gut health, hydration and recovery.

Ingredients: 100% Lupin Hulls, traces of Lupin Kernel

Workloads:

SPELLING	LOW	MODERATE	HEAVY	INTENSE

Sizes: 20kg bags, Bulka

Analysis (AS FED):

Crude protein (%)	15.4
Digestible Energy (MJ/kg)	8.87

LUPIN FIBRE BOOST - MASH

High fibre complete mash feed with added vitamins, minerals, amino acids and pre & probiotics

Details: Complete feed. High quality source of protein, with essential amino acids for muscle building and recovery. Added biotin.

Ingredients: Lupin Hulls, Traces of Lupin Kernels, Canola Meal, Vitamin & Mineral Premix, Dicalcium, Lysine, Methionine, Pre & Probiotics

Workloads:

SPELLING	LOW	MODERATE	HEAVY	INTENSE

Sizes: 20kg bags, Bulka

Analysis (AS FED):

Crude protein (%)	13.0
Digestible Energy (MJ/kg)	8.8

PREMIUM CLIPPED & DRESSED OATS

A multi-purpose grain supplement to add energy and fibre to performance diets

Details: Cleaned and tested to remove impurities and ensure premium quality

Ingredients: 100% Australian Premium Oats

Workloads:

SPELLING	LOW	MODERATE	HEAVY	INTENSE
		✓	✓	✓

Sizes: 25kg bags, Bulka Bags

Analysis (AS FED):	
Crude protein (%)	9.4
Digestible Energy (MJ/kg)	11.4

ADDITIONAL GRAINS

FLAKED BARLEY

Quality barley sourced from local farmers. Steam flaked to increase digestibility, improve nutritional uptake and enhances the nutritional value and palatability of grain.

Sizes: 25kg bags, Bulka Bags

Analysis (AS FED):	
Crude protein (%)	11.97
Digestible Energy (MJ/kg)	15.2

Does not require soaking or cooking.

FLAKED LUPINS

Quality lupins sourced from local farmers. Steam flaked to increase digestibility, improve nutritional uptake and enhances the nutritional value and palatability.

Sizes: 25kg bags, Bulka Bags

Analysis (AS FED):	
Crude protein (%)	30.0
Digestible Energy (MJ/kg)	12.6

Does not require soaking or cooking.

CUSTOM AND BULK RATIONS

We can prepare bulk orders for most of our grain and feed range. Our products are made fresh to order, then delivered direct to you.

If you can't find one of our feeds that suits your needs, we're happy to work with you to create a custom ration to suit your business and performance needs.
